WELCOME TO THE BLUE CASTLE OF TRANSFORMATION!

[**Note:** This document is part of the *Wavespell* series on my [Blog](#)]

The **Blue Castle of Burning** starts, in the current Tzolkin cycle of 260 days, on **April 3, 2016**. For the following 52 days (until May 24, 2016), we have a great opportunity to change the way we experience life and to transform what no longer serves us. It is known as “burning” due to its intensity including two columns of ten [Galactic Activation Portal](#) days each and the central [Mystic Column](#) with its twenty *Core Days*.

Galactic Activation Portal Days – Two GAP columns

As you can see on the Harmonic Module or Tzolkin matrix on the first page, there are two green columns in the middle marked in red and yellow. These columns contain ten consecutive days each called *Galactic Activation Portals*. A GAP day is a day in which we experience higher frequencies and intensity. On a human/ego level, they may feel ‘messy’ and overwhelming. On a spiritual/soul level, these portals are gateways for receiving cosmic wisdom in order to continue accelerating our process of transformation and conscious evolution on Earth.

Within the current cycle, the first GAP-day column falls on **April 4-13, 2016**. This column always starts on the second day of the **Red Serpent Wavespell**, time to act upon our gut-feelings and take care of our vital force.

The second GAP-day column this time is on **May 14-23, 2016**, and it always starts on the third day of the **Yellow Seed Wavespell**, time to be clear on what we want to manifest in our lives, have patience and trust.

Mystic Column and Core Days

The [Harmonic Module](#) is the matrix that contains the Tzolkin cycle of 260 days. There are 13 columns of 20 days each. The seventh column in the middle is called the [Mystic Column](#), which symbolically represents our spine that keeps us aligned and centered. This column can be understood as a period of attunement of 20 days called [Core Days](#), time to be present in the moment with all our senses, to go within and rest. Although also intense, it serves as a pause in between the two GAP-day columns. In this cycle, it falls on **April 19 - May 8, 2016**.

To get in tune with the Blue Castle energies in this current Tzolkin cycle, you can use the following chart:
