

SUMMER SOLSTICE CEREMONY

Saturday, 6/25/16
4pm to 7pm

Join us as we unify ourselves and our drums of new and old. The summer solstice presents a time and energy to balance our male and female energies with all the elements of earth, nature, and universe. Our drums teach us, we are all one. Our drumbeat becomes one with each other and the Creator, creating a vibrational change that can be heard and felt throughout eternity. This vibration aligned with the Summer Solstice create energies that manifest confidence, strength, and hope." ~ Tim

Please join Tim Janak and I in a sacred circle to welcome the spirit of Summer as we share a joint ceremony bringing together traditions from the North and the South including a *Despacho*, a beautiful Andean ritual as an offering to honor *Pachamama*, Mother Earth; *Tayta Inti*, Father Sun; *Mama Killa*, Grandmother Moon; the elements and the *Apus*, Spirits of the Mountains. It's Time to Blossom! Happy Summer ~ Mariela
