

Where on Earth are we going?

And what can we do about it?

These are two of the questions that are at the heart of the **Awakening the Dreamer, Changing the Dream Symposium**

The symposium is a profound inquiry into a bold vision:
To bring forth an environmentally sustainable, spiritually fulfilling, and socially just human presence on the planet.

"I was not expecting the effect this symposium had on me. I expected to be engaged... but today I feel as if my life is on a different course. This affected me profoundly." –JS, Concord, CA
