

**ALIGNING WITH NATURAL CYCLES OF TIME
AND BECOMING IN TUNE WITH
DAILY COSMIC ENERGIES!**

Based on the modern version of the Tzolkin, the Sacred Mayan Calendar, a Wavespell, or *Trecena* in its original name, is a sequence of thirteen days in which we are invited to work on certain qualities. The underlying theme is determined by the energy of the day that initiates the Wavespell.

In other words, the first day of a Wavespell will set the Purpose for the following thirteen days.

This is an invitation to experience the energies and learn how to read, understand and use a Wavespell daily!

Hope you can joint us!
