

What can I do in the next 13 days to close this cycle on 31 August in a beautiful and creative way?

In which ways has it been difficult for me to flow and allow myself to feel all of my feelings?

How can I be of service from a heart-centered space while still taking care of my own needs and desires?

How can I structure my creative projects in ways to stay consistent while enjoying what I do?

Which choices help me to empower myself and gather the resources I need to live the life I want?

What can I “empty from my life’s backpack” in order to walk lighter in life and restore balance?

Which little rituals do I like to do to step into the sacred and bring more magic and beauty daily?

How can I bring the puzzle of my life together in order to expand my vision and experience freedom?

Which goals are important to me that will help me to push my intention forward creatively?

As I give closure to this
Wavespell, am I ready to
show up in the world from
my unique ways?

How can we cooperate in these times in order to become the change we want to see in the world?

What am I willing to release
and let go of so that my inner
and outer worlds reflect in
harmony?

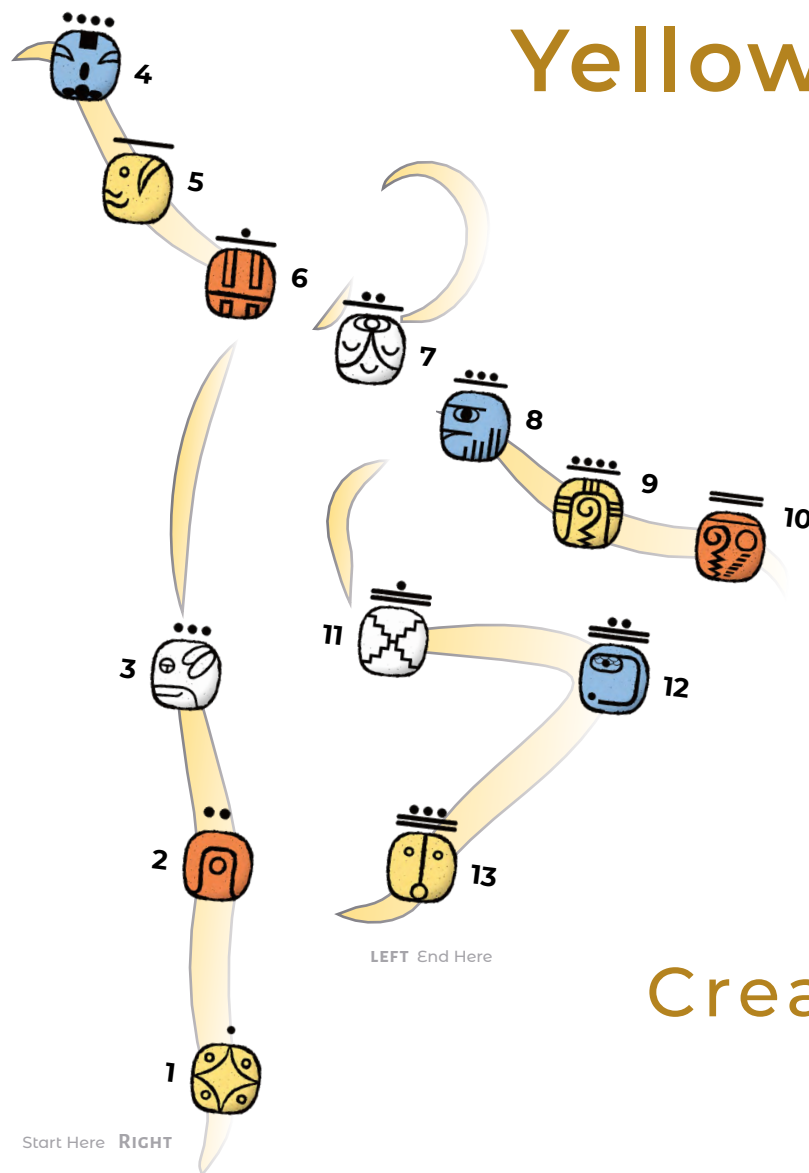

What helps me to feel grounded and present so that I can see the synchronicities manifesting in my life?
